Emily Ratajkowski

”

Emily Ratajkowski is an author, podcast host, entrepreneur, activist and model. Her debut essay collection “My Body” was released by Metropolitan Books on November 9, 2021, becoming an instant New York Times Best Seller. The book deal was solidified by her New York Magazine essay -- the magazine’s most read story of 2020 -- entitled “Buying Myself Back,” which led to widespread discourse around copyright and image ownership. Over the past five years, Ratajkowski has successfully translated her 28M+ following on Instagram into a successful DTC apparel line, Inamorata, all while continuing to work as a highly sought after fashion model.
